

Crystal Reports

Listing of sample reports that demonstrate report design concepts

Overview

In this document, you will find a listing of sample reports created by Technical Support. These sample reports demonstrate various techniques of report creation. The purpose of these samples is to demonstrate a concept. These sample reports are fully documented and not supported by technical support. Included is a description of each application and a link to its download location.

Report Design sample reports

Arrays samples

File name: cr_arrays_samples.zip

This file contains various sample reports that demonstrate how to build and use arrays in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_arrays_samples.zip.asp

Business days and hours samples

File name: cr_businessdh_samples.zip

This file contains various sample reports that demonstrate the calculation of business days and hours in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_businessdh_samples.zip.asp

Crosstab samples

File name: cr_crosstabs_samples.zip

This file contains various sample reports that demonstrate how to create and use crosstabs in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_crosstabs_samples.zip.asp

Date and Time samples

File name: cr_date_time_samples.zip

This file contains various sample reports that demonstrate the calculation of date and time ranges in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_date_time_samples.zip.asp

Formatting and Text samples

File name: cr_formattext_samples.zip

This file contains various sample reports that demonstrate different formatting options available in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_formattext_samples.zip.asp

Formula samples

File name: cr_formula_samples.zip

This file contains sample reports that demonstrate various types of formulas. These sample reports include topics such as creating manual running totals, and converting a number with two decimal places to words, etc. For use with Crystal Reports 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_formula_samples.zip.asp

Graphing samples

File name: cr_graphing_samples.zip

This file contains sample reports that demonstrate graphing functionality available in Crystal Reports 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_graphing_samples.zip.asp

Groups and Drilldown samples

File name: cr_groups_drilldown_samples.zip

This file contains sample reports that demonstrate various grouping and drilldown functionality and techniques available in Crystal Reports version 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_groups_drilldown_samples.zip.asp

Labels samples

File name: cr_labels_samples.zip

This file contains various sample reports that demonstrate the creation of labels available in Crystal Reports 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_labels_samples.zip.asp

Parameter samples

File name: cr_parameters_samples.zip

This file contains various sample reports that demonstrate the use of various types of parameters available in Crystal Reports 8.x.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_parameters_samples.zip.asp

Subreport samples

File name: cr_subreports_samples.zip

This file contains various sample reports that demonstrate subreport functionality available in Crystal Reports 8.5.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_subreports_samples.zip.asp

Table linking samples

File name: cr_table_linking_samples.zip

This file contains a sample report that demonstrates how different join types between tables affect the result set in Crystal Reports 8.5.

http://support.crystaldecisions.com/communityCS/FilesAndUpdates/cr_table_linking_samples.zip.asp

Contacting Crystal Decisions for Technical Support

We recommend that you refer to the product documentation and that you visit our Technical Support web site for more resources.
